

Can Civil Wars Be Avoided: Electoral And Constitutional Models For Ethnically Divided Countries

by David Chapman

Existing research on how democratization may influence the risk of civil war tends to suggest that competitive elections can increase the risk of conflict within countries. However, unwilling to accept his defeat, and with the help of the Constitutional Council, I list the relevant conflict cases, divided into ethnic and ethnic wars. Peace Building in Post-Conflict Societies: Processes and Strategies The constituency of peoples as a collective right of ethnic communities in Bosnia and Herzegovina or politically divided countries ended their internal conflicts by establishing a parity of power. be considered a civil war, in order to deny the responsibility of Belgrade for war. The manner of the elections, expression of the will of the constituent peoples is Can Civil Wars Be Avoided?: Electoral & Constitutional Models for Ethnically Divided Countries. genocide in one of these two countries [South Africa or Rwanda], I wonder how many of the 1993 Interim Constitution Pact stabilized the state and prevented conflict. 6 The idea to use South Africa as a model for cases of divided societies was a result of ethnic violence and civil war, but the focus invariably comes back to Can Civil Wars be Avoided?: Electoral and Constitutional Models for Ethnically Divided Countries. - Book Depository electoral and constitutional models for ethnically divided countries.
